Examination on absolute grounds

How to assess evidence of acquired distinctiveness

Advanced New

The webinar starts with a general overview of the function of Article 7(3) EUTMR within the legal framework of absolute grounds of refusal and its procedural and substantial requirements. The main part focuses on assessing evidence under Article 7(3) EUTMR. It covers the standard of proof, means of evidence, general rules of assessment and common mistakes in the submission of evidence. This is f...

EUTM and RCD Learning Plan for University Students

1645 min.

Learning Plans including list of courses from different categories connected to each other

Learning Plan: EUTM and RCD Learning Plan for University Students

The EUTM and RCD learning plan for University students, provides comprehensive knowledge of the EUTM and RCD protection systems, as well as of the Madrid system for international registration of trade marks.

This learning plan has been structured to progressively cover main substantial, procedural, practical questions, and recent developments in EUTM and RCD protection. Moreover, besides mandatory courses, the learning plan proposes supplementary materials that will allow a deeper understanding of these subject matters.

In order to complete the learning plan you need to create a user (or login), click on the Enrol me button on the right menu and complete each individual course displayed on the bottom of the page.

Click here to view the list of supplementary materials:

All the courses in the list below will provide you with an individual certificate of completion. Once all courses are completed a general certificate of completion for this activity will be issued.

Not started International Classification of Goods and Services

An introduction to the classification, to help you understand how to create a list of goods and services for your applications. This will take you through the basics of the Nice Classification, show Office tools to help you choose correct terms, and how to avoid deficiencies. Speaker: Thom CLARK - EUIPO - International Cooperation and Legal Affairs Department (ICLAD)

56 min. EN 23/05/2019

Not started Webinar: The Unitary character of EUTM (Advanced level) (with Certificate)

Following the Article 1(2) EUTMR: An EU trade mark shall have a Unitary character. It shall have equal effect throughout the Union: it shall not be registered, transferred or surrendered or be the subject of a decision revoking the rights of the proprietor or declaring it invalid, nor shall its use be prohibited, save in respect of the whole Union. This principle shall apply unless otherwise provi...

Webinar: Copyright Protection For AI Production? An EU Law Perspective ×

Tuesday, 15 September, 10:00 AM » 11:00 AM

Site event

Title:

Copyright Protection For AI Production? An EU Law Perspective

Level:

Advanced

Language:

English

Speakers:

Julien CABAY - Liège University

Room:

AA3 - Wubbo de Boer Inte®active Centre

Description:

In recent years, there has been an incredible growth of Artificial Intelligence (AI), followed with an expanded use thereof in creative industries. There is an ongoing debate as to the availability of copyright protection for 'works' created by or with the help of AI. Responses to this question will shape the future of this industry. In this webinar, we deliver an EU copyright law perspective on that issue, infused with recent developments of EU secondary law and the case law of the European Court of Justice.
