1. BACKGROUND

Historical and legal background

Since its foundation in 1994 the Office has been based in Alicante, Spain, where it manages the registration of the EU trade mark and the registered Community design, which are valid throughout the EU. The work at EU level also extends to the convergence of tools and practices in cooperation with the partners in national and regional IP offices throughout the EU-28, users and other institutional partners. Together, these offices constitute the European Union Intellectual Property Network (EUIPN), working jointly to offer users a consistent registration experience, be it at national or at EU level.

The languages of the Office are English, French, German, Italian, and Spanish.

Governance, management and structure of the EUIPO

The governance structure of the EUIPO consists of the Management Board and the Budget Committee, each composed of one representative from each Member State, two representatives from the European Commission and one representative from the European Parliament. The EUIPO enjoys legal, administrative and financial autonomy.
The Council decides on the appointment of the Executive Director, the Deputy Executive Director(s), and the President and Chairpersons of the Boards of Appeal. The Executive Director is the legal representative of the Office and responsible for its management, being accountable to the Management Board and the Budget Committee. The Executive Director is assisted by one or more Deputy Executive Directors.

The Office’s budget for 2018 is approximately EUR 402.9 million and the number of posts in the establishment plan is 890.

The EUIPO is organized into several functional departments, each reporting to the Executive Director.

Although they are integrated into the Office’s administrative and management systems, the Boards of Appeal have been established under EUTMR as a separate unit within the Office to provide an independent review of the Office’s decisions, with further appeals being possible to the EU Courts in Luxembourg.
